LEVELLED ASSESSMENTS
IN EACH SKILL FOR
EVERY MODULE

Revitalise your Yr9 scheme of work!

Either purchase our full scheme for Y9, which includes lesson plans, PowerPoints, interactive Whiteboard activities, pupil activities, internet linked activities and audio files.

Or purchase an individual module which contains everything you need for 10-12 lessons. The full scheme of work has all of these modules and MUCH MORE and is much better value, but the module will allow you to try out this new way of teaching and learning and integrate it into your existing Scheme of Work.

A new scheme of work that:

- provides sound grammatical teaching in interesting contexts
- is suitable for mixed-experience classes as it revisits language in a new and interesting way
- is compatible with the newly repurposed KS3 Framework for MFL, focusing on skills

Individual modules currently available:
